Student Growth Groups Expectations

Presence

Most important: be here. Commit to show up.

We'd love for you to commit to attend 70% or more of the meetings each semester, if you can. If it helps, think of it as no more than 3 skips.

Preparation

Commit to being prepared when you show up.

We'd love you to commit to reading the weekly passages, and coming prepared to talk about them each week. Remember, you can listen to the daily Project 119 podcast (which lines up closely with our weekly passages) on Apple Podcasts, Spotify, or the church website: mbbc.org/project119

Participation

Commit to engaging in the life of your group.

We'd love you to commit to being an active listener, meaningfully and sincerely engaging with the group, and appropriately hold what others share in confidence, because encouragement and accountability best occur where there is investment, trust, and vulnerability.
